

The background of the entire page is a stylized, colorful illustration of a city skyline, likely representing Singapore. The skyline features various buildings of different heights and colors (blue, red, orange, grey). Several blue construction cranes are visible, some with yellow buckets. In the foreground, there are green trees and a red bridge structure. A small white airplane with red accents is flying in the sky. The sky is a light blue with a few white clouds and a yellow sun partially obscured by a cloud in the top left corner.
